

*Dear Jim and Jude*

*Let me start by saying thank you for the hospitality you showed both Carol & I during the few days we spent with you at La Quinetiere!*

*It was most refreshing to be welcomed into your house without any feelings of formality and the relaxed atmosphere went a long way to make our short holiday complete.*

*Staying in such a central location enabled us to fulfill all our plans for visiting the many and varied places of interest to be found in your part of France. The time we spent has whet our appetites to return at some point as clearly five days are too few to be able to visit everything there is to see.*

*We will of course be recommending La Quinetiere to our friends as either an ideal stopover or indeed for a more leisurely and relaxed stay such as we found last week.*

*With best wishes to you both for the future and of course not forgetting the dogs Stumpy and Waggy!!!!*
